Accommodation type :

- a mix of different styles and luxury
- fenced establishment

Anything else that you would like us to know ?

A few aspects that influence the cost of your retreat & workshop :

- the season (high or summer season)
- the remoteness of the location
- the lodge or camp's size
- the type of transfer - by air, private charter or by road
- the length of your trip

Important note: Please note that a luxury safari is not necessarily synonymous with luxurious accommodation. It can also mean a more authentic experience in a remote prime location, with more exclusivity. Some tented camps can be more expensive than certain 5 star built lodges. If you want true comfort, the specific areas where we operate are abundant with 4 or 5 star establishments offering a stunning safari experience together with very comfortable amenities.

The average price of the establishments we work with range from \$400 - \$500 per person per night sharing, all inclusive (safari activities and meals). We also offer private bush villas that range from \$3000 to \$5000 per night (for approx. 8 persons), fully catered or self-catered with the option of a Chef cooking for you.
